

Precast Installation Labourer Job Description

COMPANY PROFILE

Stubbe's is a family owned and operated company that has been in business for over 30 years. At Stubbe's, our continued focus is to provide unique, cost effective and lasting building solutions using concrete. Stubbe's aim is to be a one stop provider for all your concrete construction requirements, whether it is in the agricultural, commercial or residential market.

Stubbe's started as a small precast company servicing the agricultural market, evolving over the past 30 years to a diversified company that provides a wide range of concrete (related) products and services. Stubbe's has organized those products and services under the following entities:

- Stubbe's Precast,
- Stubbe's Redi-Mix, and
- Stubbe's Cement.

Stubbe's is known for its forward thinking solutions, quality and customer service and offers significant experience and expertise in providing optimal solutions for commercial, industrial, residential and agricultural structures.

JOB SUMMARY

The Precast Installation Labourer works with a team to perform tasks involved in the installation of precast concrete. This includes hollowcore panels, wall panels, beams, columns, bleachers and balconies. Position requires travel to and from job sites where long hours are involved. Overnight stays are occasionally involved depending on the job location and requirements.
